Hi Thu and Roxanne,

I finally had a chance to watch the meeting and I'm curious on your thoughts for delivering the AOC presentation this time around. Do we generally deliver the same presentation with updated talking points? Or is there a desire to do it a little bit differently?

Are you free to connect on this tomorrow (Tuesday) by chance? I'm free in the morning before 10L30 and after 1 pm.

Will one of you send me the slides?

Thanks,
Gabriela

Hi Thu and Roxanne,

I noted this item on the FTAC meeting agenda:

9:20 am Role, Function, and Status of Red Hill AOC – Gabriela Carvalho, EPA & Roxanne Kwan, DOH

I'd appreciate huddling with you both on what we should discuss during this session. Is this a standing item? Have we delivered the presentation previously? What's worked well? What are you envisioning?

I have questions 😊 Who should I work with to coordinate? When are you free to meet to discuss?

Gabriela
